What skills or knowledge did you learn or improve from this instructor?

(6 comments)

1. ALL OF THE SKILLS
2. - Explained mathematical concepts easily and effectively
3. Jake posts great responses on Ed -- whenever I would have a confusion or doubt about HW problems or material in the class, Jake's responses would help clarify the material for me. His answers had both attention to rigor as well as understandability.
4. Jake helped me a great deal in solidifying my knowledge of the course content, as well as working through problems that I was stuck on.
5. Optimization, CVXPY
6. Optimization techniques, how to make problems DCP compliant

What aspects of this instructor's teaching were most helpful to you?

(8 comments)

1. - Effective: Responses guide to an answer rather than always the answer itself - Clear: Answers on Ed not ambiguous/straightforward
2. Jake was super responsive and very helpful. I really appreciated that!
3. Thank you for being an optimization god, could not have done it without you
4. Precision, rigor of explanation, responsiveness, helpfulness
5. 1. Jake was very clear in his reasoning, and always very easy to follow. 2. Jake was super knowledgeable about convex optimization, and helped me think about the course content more rigorously. 3. Jake was very kind and always willing to help clarify my confusions!
6. Quick responses, extremely knowledgeable, very kind and patient!
7. Clearing Doubts in lectures, HWs
8. Long explanations, watching him write code
